

2nd Annual Auction He Intends Victory

TREATLIFE Smart Plug-In Dimmer

#89

Starting Bid **\$15.00**

Donated by **Jim Palmer**

Model DP10

Control your outdoor lights effortlessly with this plug-in dimmer. Adjust the brightness level from 1-100% using voice commands through SmartThings, Alexa, or Google Assistant. For example, simply say, "Alexa, set my Christmas lights to 50%."

Enjoy the convenience of controlling your outdoor light dimmer directly from your phone using the Smart Life/TreatLife app. Simply plug in your device and connect to a secure 2.4 GHz Wi-Fi network (not compatible with 5.0 GHz Wi-Fi). The maximum Wi-Fi coverage is 300FT with no obstacles.

Set up custom schedules to turn your lights on or off automatically. The outdoor dimmer for string lights also supports sunrise and sunset settings, enabling you to program automation to turn on at dusk and off at dawn.

Combine several outlet timers into one command by creating a group. Set the dimmable smart plug to turn connected lights on and off randomly to give the impression that someone is home while you're away on vacation.

Worry-Free Support: Our outdoor dimmer plug is weather-resistant and FCC certified, made from ABS fireproof material for safe use with outdoor string lights, Thanksgiving and Christmas lights, bedside lamps, and party lights.
