Pour a glass of wine at your own pace. Our unique Wine Wall lets you enjoy any wine as a taste, half glass, or full glass. When you find what you like, take the glass (or a bottle) to your table. Sip. Shop. Stay! Savor the Experience.

Tasting means drinking small amounts, drinking in a healthy way, and appreciating the taste and the intense sensations that wine can convey. Napatini uses enomatic®, the world leader in wine-by-the-glass tasting systems, to offer self-paced tastings.

Browse our selection of 48 wine varietals from well-known wineries, wineries known for producing exceptional varietals, or little-known wineries we think have phenomenal wine! Scroll down to see all

of the wine in our wine-tasting dispensers. Find what you like, fill your glass once or twice, and go relax. Most of all, have fun experimenting and enjoy your stay with us as our guest.
