Provide Community Empowerment by Funding a Printer for all Favor Ministries!

#55

Starting Bid   **$75,000.00**

Donated by You!

Help Community Empowerment by provide printed materials for the rural evangelism and every department in the ministry at Favor!

Cost of a Ministry Printer - $75,000 per printer
- Printing is a major part of Favor International. Each year, we spend more than $150,000 USD on printing. By investing in our workforce and doing our own printing, we can minimize costs. The printer needed would cost around $75,000 USD.
- This would enable us to print all of the books used in our Portable Bible Schools as well as flyers, banners, posters, forms, materials for our trauma therapy, and more!
