Provide Community Empowerment by Funding a Tipper Truck

#44

Starting Bid **\$25,000.00**

Donated by You!

Help Community Empowerment by providing one of the tools needed to help Favor continue to do ministry work across Africa by funding a Tipper Truck!

Cost of a Tipper Truck - \$25,000 per truck

- The Tipper Truck is used for all of our construction projects and for moving and hauling materials. It is also used for moving materials for Women's Empowerment, church building, etc.

- Having our own truck for these purposes saves thousands in truck rental fees. This tipper truck will be used by all of the departments as we renovate, build and develop the land that God has given us.
