Provide Youth and Community Empowerment - Fund a Child to go to Primary School for a Year!

#32

Starting Bid **\$300.00**

Donated by You!

Help families meet the requirements for education with Youth and Community Empowerment by funding a child for 1 year to go to Primary School.

Cost - \$300 per year/per child

- Our primary school is for children from nursery age through 7th grade. Our school package provides tuition and supplementary items.
- In Africa, all children have to pay money to get an education. Favor Primary offers a Christian education, Biblical foundation, accelerated learning, leadership development and missionary-focused training.

- All of the children bring their own list of supplies which allows the school to have enough resources and materials to function and run smoothly for the year.
