*At Otra Mas, there is a remarkable herd of horses who have provided our clients with unwavering companionship, therapeutic support, and a sense of connection that is truly irreplaceable. Our horses have touched the lives of many. Now, we can give back to them by supporting their care and well-being.*

*Our "Support the Herd" campaign aims to raise \$500 per month of care for one specific horse in the Herd. By making this commitment, you will not only contribute to the physical health and comfort of these horses, but you will also be helping sustain the magic they bring to countless individuals, providing Mindfulness, Connection, and Leadership Skills for sustainable well-being.*
