1 Bedroom | 1 Bath | 3-Nights

Wanderlust and warmth - this is the promise of your luxury dome, set beneath the sweeping Icelandic skies. Hidden away in nature yet only ten minutes from Reykjavik, your home transports you into the wild with rich, dark tones, a crackling fireplace, and a vast geodesic window framing the hot tub and distant mountains.

Begin your day with a rejuvenating hot shower in the fully equipped private bathroom. Complimentary luxe towels and slippers provide you with a soft embrace for all the added comforts. Savor a steaming cup of coffee as the sun crests the frost-capped peaks, with an optional savory breakfast of freshly baked breads, fruits, and pastries available.

The breathtaking wilderness of Iceland beckons beyond your dome with your choice from three private adventure tours included for all guests. Let your expert guide lead you to thunderous waterfalls, geothermal hot springs, and black sand beaches as you discover Iceland's fascinating Viking history and unparalleled natural beauty.

In the winter, the skies above your dome come alive with the colors of the aurora borealis. Relish a relaxing soak in your private hot tub, champagne in hand, as you gaze up at the mesmerizing dance of lights. Cozy sheepskins, a crackling fire, and a King-sized bed wait to envelop you in their dreamy warmth as you drift off beneath the softly shining stars.
