Hoffy Tours, LLC, is an urban tour company whose primary goal is discovering the best in cities. The focus is on appreciation of the built environment – great architecture, interesting urban design, fun restaurants, and engaging museums. Hoffy Tours strives to find urban treasures that many people pass up in their daily lives. It focuses primarily on southern California – downtown LA, Hollywood, Pasadena, San Diego, and Santa Barbara – but offers tours to the central coast and San Francisco. Hoffy Tours is unique because its founder – Bill Hoffman, MA, Ph.D. – entertains and teaches as he gives a personalized view of the many places we visit. Hoffy Tours was founded in 2012 although Bill has given tours for over 30 years.
