Boho beach vibes, laid-back living, and seemingly endless surf await in Bali's trendiest town, Canggu. Make the most of this wanderer's paradise from your stunning minimalist villa, just steps from the beach. With sleek, sun-dappled exteriors and a private pool, your home invites a soothing recentering of body and mind.

A perfect match for Canggu, bold yet playful interiors greet you from inside your villa, from eye-catching murals to thought-provoking sculpture. A modern open plan layout bathes each en-suite in natural light, while an integrated kitchenette and convertible King to Twin beds offer unparalleled comfort and flexibility.

Sliding floor-to-ceiling glass doors draw you out onto the sleek sun deck, perfect for soaking up Bali's balmy rays. Take a cooling dip in the alluring waters of your own private pool or while away the hours over sunset cocktails in the garden. Modern modular walls open or retract for a sense of privacy or expansiveness.

Feel Bali's nourishing energy wash over you as you wander the beaches of Canggu and Batu Balong or unwind in the care of your full staff, including housekeeping and chef. Pair your stay with optional chauffeur service and venture out to lush jungle and ancient temples as you embrace the magical beauty of Bali.
